KACCAD 2008: School Sponsorship Program

Dear International Sponsor,

We would like to introduce to you KACCAD's **School Sponsorship Program**. In Wakiso District, Uganda approximately 60,000 children are living in single parent homes and 20,000 are orphans due to HIV/AIDS or other sickness. Our Student Sponsorship Program was started to connect some of these children to international sponsors. This sponsorship program is founded on the belief that education is a way out of poverty. Children will shape Uganda in years to come. Your support can give them the best chance to bring about positive change in their communities and families. Please, see below a list of orphaned and vulnerable children sponsored by KACCAD and those seeking sponsorship. Your support for these children will make a difference in the lives of not just the individuals but for Uganda as well.

There is no such thing as free education in Uganda. Primary public education in Uganda is limited as there are more students than spots in school and even public schools require students/families to pay a fee. Government funded schools have poor equipment, crumbling classrooms and underpaid or not paid teachers some of whom are undereducated. Aside from this, the government only subsidizes a limited number of primary schools; secondary schools are not subsidized. Most schools are private requiring higher tuition than the public schools but offering smaller class size and better educational materials. As result of school fees, many children are unable to go to school. Even the fees for primary public education are simply out of reach for many households.

Students we sponsor attend two different kinds of school, day school and boarding school. Day school requires payment of tuition only. Boarding school includes lodging and food during the term. Boarding school has many advantages for children who have lost both parents or are living with a single parent. Boarding school provides students with a stable place to live, food security and a good environment for study. Orphaned students and students raised by single parents who are not in boarding schools often have to work in addition to attending school to meet their basic food and educational supply needs. The double strain on these students can make it more difficult for them to succeed in school. For this reason, many students seeking sponsorship hope to attend boarding school.

With a range of sponsorship fees, people of all budgets can change the life of a student. School fees range from between 40,000 Ugandan shillings (\$25.00) a term to 1,000,000 Ugandan shilling (\$600) for sponsorship of a university student. The exchange rate is approximately Ush 1,600 for every US \$1.00. As with any currency however, this rate fluctuates. Fees for each student in Ugandan shillings are listed below along with information about the student. On top of this, a small administration fee of \$15.00 for donations made through the KACCAD bank account and \$7.00 for donations made through PayPal per term is required for the personal care of your sponsorship and our transportation to visit schools and students. Additional money is required for donations made through the KACCAD bank account because we are charged a bank fee of \$6-\$10 per donation received.

Each school year includes three terms, starting February, June and September. Sponsors are given the option to pay either per term or per year. Paying per term may be easier for people with tight budgets. Yearly payment is advantageous for those paying direct to the KACCAD account because a bank fee is charged on both sides for donations made to our account. Check with your bank to find out what the fee is as it differs from bank to bank. For those paying by term, prior to each term KACCAD will send out an e-mail to remind you to pay tuition. Throughout the school year, each sponsor will receive a receipt of tuition and reports regarding their sponsor child. For the sake of the administration, please e-mail your e-mail and home address to kyosigacommunity@gmail.com.

There are three methods by which you can pay school fees: through the KACCAD bank account, Western Union and lastly through our partner Global Volunteer Network. To make donations through Western Union go to your nearest Western Union with cash in the amount of your sponsorship plus some for the transfer fees. Fill out their forms using the following information: contact: Derrick Luwaga; address: PO Box 23751, Kampala Uganda and organization: Kyosiga Community Christian Association for Development. Once you have sent your donation please email us the test question and answer as well as the tracking code. We will get your donations with in 24 hours. Donations made through Western Union reach us faster than those sent by any other means. At the same time, depending on the amount of your donation this method can be costly. We recommend Western Union for donations made at the last minute that need to reach us quickly.

Through our partnership with Global Volunteer Network (GVN) offer a secure way for you to make donations to KACCAD over the internet. You can do this from GVN's website: <http://www.gvnfoundation.org/programs/projects/uganda/real/>. Your donations will go direct to our in-country partner, Real Uganda. Real Uganda delivers our donations on a quarterly basis-January, April, July and October. To make a donation through GVN go to the above listed site, write what you intend the donation to be used for under "description," choose KACCAD under the "please select" drop down menu, enter your donation amount and than press "pay here." This donation method is great for you as well as KACCAD. It is quick. You can donate from your home computer with confidence knowing that we will receive your donation securely and you will receive a receipt from GVN for tax purposes-good for US citizens. It is great for us because we will not be charged bank fees and thus can get more out of your support. We do ask you to remember that we receive donations on a quarterly basis from GVN. If you need to get a donation to us in a certain time period you will either have to plan in advance and make sure it is to use by the closest quarter mark before it is needed or you can send your donations through our bank account or Western Union. Students sponsors, this is especially important for you to remember as the students you support depend on your timely donations to continue school.

To make donations through the KACCAD bank account use the following information to transfer money from your account direct to ours. The needed contact information for donations made direct to the KACCAD account follow:

Finally, sponsorship is the only chance for these children to be able to complete school. Once you have chosen to sponsor an orphaned or underprivileged child please be consistent with your payment of tuition. The lives of these children are very difficult. School may be the only thing that is consistent and safe in their lives. Therefore it is important for the children to know that they won't once again be abandoned. Of course extenuating circumstances may mean that your sponsorship is cancelled. We do encourage communication. If it becomes impossible to continue with your sponsorship, we will work towards finding alternative sponsors to help your child reach a level of education which will help them find work and secure a bright future. Any other donations, for educational tools, such as books or uniforms can also be made through KACCAD. If you decide to become a sponsor and/or to provide school materials to students, please e-mail kyosigacommunity@gmail.com with the name of "your" child and we will contact you as soon as possible. Thank you very much for giving a child the chance to have a brighter future!

Best regards,
KACCAD team

Students 5-8 years old Seeking Sponsorship As of September 2008

Name:	Mutyaba Deo
Age:	8
School:	White Angels Primary School
Level:	Primary 5
Sponsorship Status:	Last sponsored November 2007
Family Status:	Mother and brother alive, father died of AIDS No household income
Housing:	Lives with mother
